

Ragin' Cajun Cabin

Tips/Tricks for your stay

Outdoor Decking: There are 3 levels of decking leading to the water; please be careful as you utilize them.

Outdoor Charcoal Grill: A charcoal grill is located on the upper deck just outside the back door; you supply the charcoal; we have lighters for your use in the basket at the back door. Please clean the grill after use; there is a \$50 charge for non-compliance.

Outdoor Firepit: There is a small firepit in the front of the Cabin for your use; wood is located at the second deck level.

Ice: There is no icemaker at the Cabin; you may want to purchase some on your way in.

Kitchen facilities: There is no kitchen at the Cabin, but there is an electric griddle, small refrigerator, two sinks, air fryer, coffee pot with coffee (creamers and sugar provided), and plates, cups, glasses, and utensils.

Sleeper sofa: The sleeper sofa is in the den and sheets are located in the cabinet beneath the refrigerator.

TV: Our service is Direct TV (AT&T now) and there is a channel guide next to the TV.

Air/Heat: The Cabin has a window unit that provides both air conditioning and heat. There is also a small fan to direct the air to the bedroom. Both the den and the bedroom have ceiling fans.

Boating: We have several non-motorized boats that you may utilize for a \$25/boat/day fee. You must sign a boating waiver and a confirmation document that says you will place the boats back in their original position (there is a \$100 fee if you do not). Please contact us for paddles, seats, and your waiver, as well as to pay your fee.

Fishing: You may fish in any of the three lakes, including off the lower dock at the Cabin. We have an all-inclusive fishing license that you fish under. Our policy is catch and release. Please bring your own fishing tackle and gear.

Pets: There are no pets allowed on the property.
